

Making better reinsurance decisions...

Facultative

Companies and associations often find that obtaining secure and consistent facultative coverage quickly and efficiently is a challenge, especially for organizations with varied and unusual exposures.

With facultative clients in over 100 countries, across all industrial sectors, and with access to the full range of carriers around the world Willis Re provides effective and efficient facultative transactions.

Willis Re Fac handles the full range of property, casualty and engineering classes, including stand-alone coverages, terrorism, primary and/or excess loss capacity and target risks.

Scope of Business

As your reinsurance specialist, Willis Re works on behalf of insurance companies and ceding carriers, as well as nontraditional entities, to facilitate the placement of facultative and program reinsurance.

We have a team of specialists in all areas of facultative reinsurance outside the realm of a treaty.

Our goal is to provide a structured consultation to deliver maximum client results.

Facultative Product Leader

Matthew Keeping, Executive Director
Willis Re Fac
